YOURS

Yours to keep
site and domain in your name

01 WHERE WE STARTED

What we built it around.

01 Your own line, in the air.

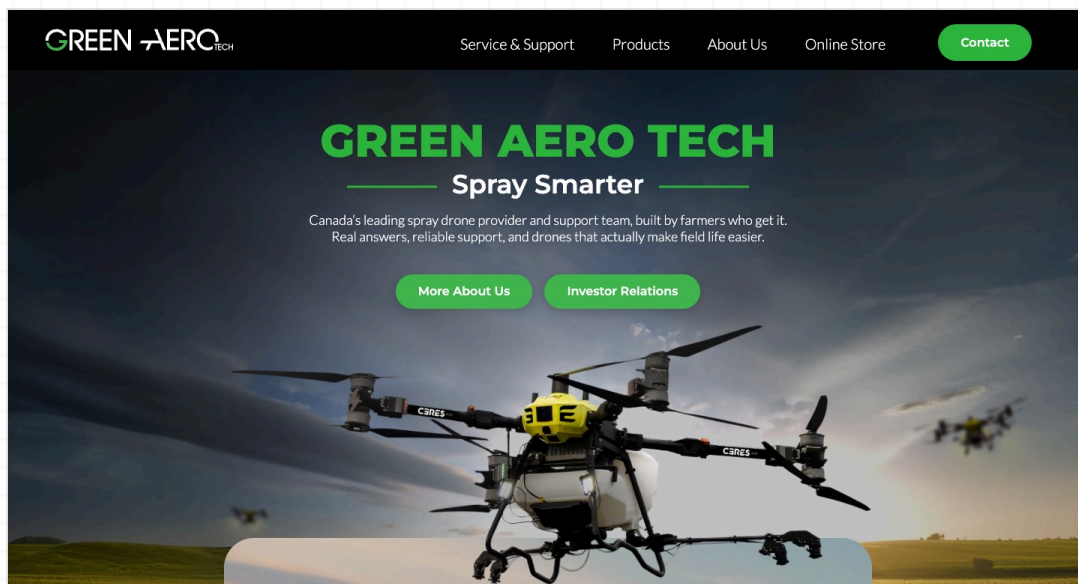

Option 1 sets Spray Smarter across a storm sky at dusk, with your C150 hovering in front of the words. Call and custom quote sit right under the drone.

02 The pass, from above.

Option 2 is the field from the chase drone in morning light: the swath drawn on the crop, up to 50 ft wide, and your own sign-off, working as hard as you do.

03 Service over specs.

Option 3 is your About page's core value, split by a technician's hand on a C150 motor. On-call support, parts and repairs, training and SFOC licensing, said plainly.

07 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03 Who owns it?

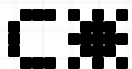

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,750) when you say go, the rest (\$1,750) when the site is live. You've seen the homepage before paying anything.
